INDEPENDENT AUDITORS' REPORT

Dear Board Members:

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information, including the related notes to the financial statements, of South Lyon Area Recreation Authority as of and for the year ended June 30, 2013, which collectively comprise South Lyon Area Recreation Authority's basic financial statements as listed in the table of contents.

**Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

**Auditor's Responsibility**

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

## Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of South Lyon Area Recreation Authority as of June 30, 2013, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

## Other Matters

### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information on pages 7 - 9 and 29 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

## **MANAGEMENT DISCUSSION AND ANALYSIS**

## Management Discussion and Analysis June 30, 2013

---

Within this section of South Lyon Area Recreation Authority's annual financial report, the Authority's management is providing a narrative discussion and analysis of the financial activities of the Authority for the fiscal year ended June 30, 2013. This narrative discusses and analyzes the activity within the context of the accompanying financial statements and disclosures following this section. The discussion focuses on the Authority's primary government and, unless otherwise noted, component units reported separately from the primary government are not included.

### **Overview of the Financial Statements**

Management's Discussion and Analysis introduces the Authority's basic financial statements. The basic financial statements include government-wide financial statements, fund financial statements, and notes to the financial statements. The Authority also includes in this report additional information to supplement the basic financial statements.

### ***Government-wide Financial Statements***

The Authority's annual reports include two government-wide financial statements. These statements provide both long-term and short-term information about the Authority's overall status. Financial reporting at this level uses a perspective similar to that found in the private sector with its basis in full accrual accounting and elimination or reclassification of internal activities.

The first of these government-wide statements is the Statement of Net Position. This is the Authority-wide statement of position presenting information that includes all the Authority's assets and liabilities, with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Authority as a whole is improving or deteriorating. Evaluation of the overall health of the Authority may extend to various nonfinancial factors as well.

The second government-wide statement is the Statement of Activities which reports how the Authority's net position changed during the current fiscal year. The design of this statement is to show the financial reliance of the Authority's distinct activities or functions on the revenues generated by the Authority.

### ***Fund Financial Statements***

A fund is an accountability unit used to maintain control over resources segregated for specific activities or objectives. The Authority uses funds to ensure and demonstrate compliance with finance-related laws and regulations. Fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting.

The Authority has one kind of fund as follows:

*Governmental funds* are reported in the financial statements and encompass essentially the same functions as governmental activities in the government-wide financial statements except with a different focus on the financial activity. These statements report short-term fiscal accountability focusing on the use of spendable resources and balances of these resources available at the end of the year. They are useful in evaluating annual financing requirements of governmental programs and the commitment of spendable resources for the near-term. Since the focus of the government-wide financial statements includes a long-term view, a reconciliation of these fund balances has been completed to detail its relation to net position.

**Notes to the financial statements**

The accompanying notes to the financial statements provide information essential to a full understanding of both the government-wide and fund financial statements.

**Other information**

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information.

**Financial Analysis of the Authority as a Whole**

The Authority's net position at the end of the fiscal year was \$ 326,008. This is an \$ 187,334 increase over last year's net position of \$ 138,674. This increase is similar from the prior year due to increased operating revenues.

The following tables provide a summary of the Authority's financial activities and changes in net position:

**Summary of Net Position**

	<b>Governmental Activities</b>	
	<b>6/30/2013</b>	<b>6/30/2012</b>

<b>Beginning net position</b>	138,674	3,914
<b>Ending net position</b>	\$ 326,008	\$ 138,674

### **Financial Analysis of the Authority's Funds**

The Authority increased its fund balance by \$187,664 compared to the increase in fund balance in the prior year of \$134,760. The increase is due primarily to a large increase in revenues collected.

South Lyon Area Recreation Authority has only one fund which reports all activity conducted by the Authority, the General Fund.

### **Capital Asset and Long-Term Debt Activity**

The Authority neither acquired nor disposed of any capital assets during the year ended June 30, 2013. In addition, there was no long-term debt issued or repaid during the year or any outstanding at year end.

### **General Fund Budgetary Highlights**

The Authority approved a budget prior to the start of the fiscal year, and immaterial adjustments to bring it closer to economic reality, especially for increased salaries due to expanded programs.

### **Economic Conditions and Future Activities**

The Authority continues to develop relationships with local business and organizations. These collaborative efforts help to offset programming expenses and minimize duplication of services.

South Lyon Community Schools continues to be a primary partner.

### **Contacting the Authority's Financial Management**

This report is designed to provide a general overview of the Authority's financial position and comply with finance-related regulations. If you have any further questions about this report or request additional information please contact South Lyon Area Recreation Authority at 318 West Lake Street, South Lyon, Michigan 48178.

**NOTES TO FINANCIAL STATEMENTS**

## SOUTH LYON AREA RECREATION AUTHORITY

### NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2013

#### **NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The accounting policies of South Lyon Area Recreation Authority conform to generally accepted accounting principles as applicable to governmental units. The following is a summary of the more significant policies:

#### **A. BASIC FINANCIAL STATEMENTS**

In accordance with GASB Statement No. 34 and 63 - *Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments*, the basic financial statements include both government-wide and fund financial statements.

The government-wide financial statements (Statement of Net Position and Statement of Activities) report on the Authority as a whole. Governmental fund types are reported in the government-wide financial statements using the economic resources measurement focus and the accrual basis of accounting, which includes long-term assets and receivables as well as long-term debt and obligations. The government-wide financial statements focus more on the sustainability of the Authority as an entity and the change in aggregate financial position resulting from the activities of the fiscal period. Generally, the effect of interfund activity, if any, has been removed from the government-wide financial statements.

The government-wide Statement of Net Position reports all financial and capital resources of the Authority (excluding fiduciary funds). It is displayed in a format of assets less liabilities equals net position, with the assets and liabilities shown in order of their relative liquidity. Net positions are required to be displayed in three components: 1) invested in capital assets, net of related debt, 2) restricted, and 3) unrestricted. Invested in capital assets, net of related debt is capital assets net of accumulated depreciation and reduced by outstanding balances of any bonds, mortgages, notes or other borrowings that are attributable to the acquisition, construction, or improvement of those assets. Restricted net positions are those with constraints placed on their use by either: 1) externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments, or 2) imposed by law through constitutional provisions or enabling legislation. All net positions not otherwise classified as restricted, are shown as unrestricted. Generally, the Authority would first apply restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net positions are available.

The government-wide Statement of Activities demonstrates the degree to which both direct and indirect expenses of the various functions and programs of the Authority are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or identifiable activity. Indirect expenses for administrative overhead are allocated among the functions and activities using a full cost allocation approach and are presented separately to enhance comparability of direct expense between governments that allocate direct expenses and those that do not. Interest on general long-term debt is not allocated to the various functions. Program revenues include: 1) charges to customers or users who purchase, use or directly benefit from goods, services or privileges provided by a particular function or program and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or program. Taxes, unrestricted investment income and other revenues not identifiable with particular functions or programs are included as general revenues. The general revenues support the net costs of the functions and programs not covered by program revenues.

## SOUTH LYON AREA RECREATION AUTHORITY

### NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2013

#### **NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

Also, part of the basic financial statements are fund financial statements for the governmental fund(s). The focus of the fund financial statements is on major funds, as defined by GASB Statement No. 34. Although this reporting model sets forth minimum criteria for determination of major funds (a percentage of assets, liabilities, revenues, or expenditures of fund category and of the governmental funds combined), it also gives governments the option of displaying other funds as major funds. Other non-major funds, if any, are combined in a single column on the fund financial statements.

The Authority reports the following major governmental fund:

The General Fund is the Authority's primary operating fund. It accounts for all financial resources of the general government. General Fund activities are funded primarily from program charges and intergovernmental sources.

#### **B. MEASUREMENT FOCUS AND BASIS OF ACCOUNTING**

The governmental fund financial statements are prepared on a modified accrual basis of accounting. To conform to the modified accrual basis of accounting, certain modifications must be made to the accrual method. These modifications are outlined below:

- A. Revenue is recorded when it becomes both measurable and available (received within 60 days after year-end). Revenue considered susceptible to accrual include property taxes, sales and use taxes, licenses, fees and permits, intergovernmental revenues, charges for services and interest.
- B. Expenditures are recorded when the related fund liability is incurred. Principal and interest on long-term debt are recorded as fund liabilities when due or when amounts have been accumulated in the debt service fund for payments to be made early in the following year.
- C. Disbursements for the purchase of capital assets providing future benefits are considered expenditures. Long-term debt proceeds are reported as another financing source. Principal payments on long-term debt obligations are considered expenditures.

With this measurement focus, operating statements present increases and decreases in net current assets and unreserved fund balances as a measure of available spendable resources.

This is the traditional basis of accounting for governmental funds and also is the manner in which these funds are normally budgeted. This presentation is deemed most appropriate to: 1) demonstrate legal and covenant compliance, 2) demonstrate the sources and uses of liquid resources, and 3) demonstrate how the Authority's actual revenues and expenditures conform to the annual budget. Since the governmental fund financial statements are presented on a different basis than the governmental activities column of the government-wide financial statements, a reconciliation is provided immediately following each fund statement. These reconciliations briefly explain the adjustments necessary to transform the fund financial statements into the governmental activities column of the government-wide financial statements.

**SOUTH LYON AREA RECREATION AUTHORITY**

**NOTES TO FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2013**

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

**C. BUDGET INFORMATION**

The annual budget is prepared by the recreation director and adopted by the South Lyon Area Recreation Authority board; subsequent amendments are approved by the Authority's board. Unexpended appropriations lapse at year end; encumbrances are not included as expenditures. During the current year, the budget was amended, to reflect economic reality.

The budget has been prepared in accordance with accounting principles generally accepted in the United States of America. The budget has been adopted on a total revenue and expenditure basis. Total expenditures exceeded budgeted appropriations by \$7,859.

**D. CAPITAL ASSETS**

Under GASB Statement No. 34, all capital assets whether owned by governmental activities or business-type activities, are recorded and depreciated in the government-wide financial statements. No long-term capital assets or depreciation are shown in the governmental fund financial statements.

Capital assets are defined as assets with an initial, individual cost of more than \$500 and an estimated useful life greater than one year. Land is considered a capital asset regardless of initial cost. Capital assets are recorded at cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at the estimated fair market value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized. Major improvements are capitalized and depreciated over the remaining useful lives of the related capital assets.

Capital assets are depreciated using the straight-line method over the following estimated useful lives:

Office equipment	3 to 10 years
Athletic equipment	3 to 5 years
Buildings, structures and improvements	10 to 50 years
Machinery and equipment	5 to 40 years
Vehicle	5 years

**E. USE OF ESTIMATES**

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the period. Actual results could differ from those estimates.

## SOUTH LYON AREA RECREATION AUTHORITY

### NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2013

#### **NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

##### **F. RISK MANAGEMENT**

The South Lyon Area Recreation Authority is exposed to various risks of loss related to property loss, torts, errors and omissions, and employee injuries (workers' compensation), as well as medical benefits provided to employees. The Authority has purchased commercial insurance for workers' compensation and employee medical claims and participates in the state pool program of the Michigan Municipal Risk Management Authority for claims relating to general liability. Settled claims relating to the commercial insurance have not exceeded the amount of insurance coverage in the past year.

The Michigan Municipal Risk Management Authority's State Pool program operates as a common risk-sharing management program for local units of government in Michigan. Member premiums are used to purchase excess insurance coverage and to pay member claims in excess of deductible amounts. A portion of the excess insurance coverage is underwritten by the Authority itself.

##### **G. CASH AND CASH EQUIVALENTS**

The Authority considers its deposits and restricted deposits and investments held with maturities of three months or less are considered to be cash equivalents.

##### **H. INCOME TAXES**

As a governmental agency, the Authority is exempt from both federal income taxes and the Michigan Corporate Income Tax.

##### **I. DEFERRED REVENUE**

Governmental fund modified accrual basis financial statements and the government-wide full accrual financial statements report deferred revenue in connection with revenue that has not been earned since it related to advance collection of program fees for programs which will be provided subsequent to the end of the current fiscal year.

##### **J. COMPENSATED ABSENCES**

The policies regarding compensated absences are outlined in the Authority's "Personnel Policies". All compensated absences lapse at the end of the fiscal year. Thus, no accruals are recorded.

##### **K. EQUITY CLASSIFICATIONS**

In the government-wide financial statements, equity is classified as net position and displayed in two components:

- a. Invested in Capital Assets, Net of Related Debt - Consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any bond, notes or other borrowings that are attributable to the acquisition, construction or improvement of those assets.
- b. Unrestricted Net Position - Consists of net position that do not meet the definition of "invested in capital assets, net of related debt."

## SOUTH LYON AREA RECREATION AUTHORITY

### NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2013

#### **NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

##### **L. FUND EQUITY**

In March 2009, the GASB issued Statement No. 54, *Fund Balance Reporting and Governmental Fund-type Definitions*. The objective of this statement is to enhance the usefulness of fund balance information by providing clearer fund balance classifications that can be more consistently applied and by clarifying the existing governmental fund-type definitions. This statement establishes fund balance classifications that comprise a hierarchy based primarily on the extent to which a government is bound to observe constraints imposed on the use of the resources reported in governmental funds. Under this standard, the fund balance classifications of reserved, designated, and unreserved/undesignated were replaced with five new classifications - Nonspendable, restricted, committed, assigned, and unassigned. The Authority implemented GASB Statement No. 54 during the previous year.

In the fund financial statements, governmental funds report the following components of fund balance:

- Nonspendable - Amounts that are not in spendable form or are legally or contractually required to be maintained intact.
- Restricted - Amounts that are legally restricted by outside parties, constitutional provisions, or enabling legislation for use for a specific purpose.
- Committed - Amounts that have been formally set aside by the Authority board for use for specific purposes. Commitments are made and can be rescinded only via resolution of the Authority board.
- Assigned - Intent to spend resources on specific purposes expressed by the Authority Board or director. All current year assignments have been made by the Authority Board.
- Unassigned - Amounts that do not fall into any other aforementioned category. This is the residual classification for amounts in the General Fund and represents fund balance that has not been assigned to other funds and has not been restricted, committed, or assigned to specific purposes in the General Fund. In other governmental funds, only negative unassigned amounts are reported, if any, and represent expenditures incurred for specific purposes exceeding the amounts previously restricted, committed, or assigned to those purposes.

**SOUTH LYON AREA RECREATION AUTHORITY**

**NOTES TO FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2013**

**NOTE 2 - FINANCIAL REPORTING ENTITY**

In accordance with the provisions of the Governmental Accounting Standards Board (GASB) Statement No. 39, certain other governmental organizations are not considered to be part of the reporting entity for financial statement purposes.

The criteria established by GASB Statement No. 39 for various governmental organizations to be included in the reporting entity's financial statements include accountability, control, and significant financial relationships.

The accompanying financial statements of South Lyon Area Recreation Authority as of June 30, 2013, include any and all boards, agencies, funds and account groups under the jurisdiction of the South Lyon Area Recreation Authority Board.

South Lyon Area Recreation Authority was jointly incorporated by the City of South Lyon, Lyon Township, and the Charter Township of Green Oak. The Authority was incorporated in 2002 under provisions of Public Act 321. The Authority is governed by a board composed of one member from each of the above municipalities. The Authority was formed to provide recreational services to the respective communities.

**NOTE 3 - CAPITAL ASSETS**

Capital asset activity for the Authority's governmental funds for the year ended June 30, 2013 was as follows:

<b><u>Governmental Activities</u></b>	<b><u>Balance 7/1/2012</u></b>	<b><u>Additions</u></b>	<b><u>Deletions</u></b>	<b><u>Balance 6/30/2013</u></b>

Depreciation expense is being recorded in the government-wide statement of activities based upon the activity utilizing the assets. The only activity in the Authority is the parks and recreation activity. The Authority uses the straight line method to depreciate capital assets over their estimated useful lives. No debt is attributed to these assets.

**NOTES TO FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2013**

**NOTE 4 - DEPOSITS WITH FINANCIAL INSTITUTIONS**

Michigan Compiled Laws, Section 129.91, authorizes the Authority to deposit and invest in the accounts of Federally insured banks, credit union, and savings and loan associations; bonds, securities and other direct obligations of the United States, or any agency or instrumentality of the United States; United States government or Federal Agency obligation repurchase agreements; bankers acceptance of United States banks, commercial paper rated by two standard rating agencies within the two highest classifications, which mature not more than 270 days after the date of purchase; obligations of the State of Michigan or its political subdivisions which are rated investment grade; and mutual funds composed of investment vehicles which are legal for direct investment by local units of government in Michigan. Financial institutions eligible for deposit of public funds must maintain an office in Michigan. The Authority's deposits are in accordance with statutory authority.

The investment policy adopted by the board in accordance with Public Act 196 of 1997 has authorized investments in all of the investments mentioned in the preceding paragraph.

As of June 30, 2013 deposits consist of the following:

**Deposits**

Checking accounts	<u>\$ 439,164</u>
-------------------	-------------------

The carrying amount of cash and investments is stated at \$415,928 for the Authority as of June 30, 2013. The difference between the carrying amounts and amounts mentioned above stem from cash on hand and outstanding checks.

**Deposits - Custodial Credit Risk**

This is the risk that in the event of a bank failure, the Authority will not be able to recover its deposits. The Authority does not have a deposit policy for custodial credit risk. The Authority evaluates each financial institution with which it deposits funds and assesses the level of risk of each institution; only those institutions with an acceptable estimated risk level are used as depositories.

As of June 30, 2013, deposits in banks totaled \$439,164 which was exposed to custodial credit risk as follows:

Insured by FDIC	\$ 250,000
Uninsured and uncollateralized	<u>189,164</u>
Total deposits	<u>\$ 439,164</u>

**NOTE 5 - DEFINED CONTRIBUTION PENSION PLAN**

The Authority provides pension benefits to all of its full-time employees through a defined contribution plan. In a defined contribution plan, benefits depend solely on amounts contributed to the plan plus investment earnings. The Authority contributes 10 percent of full-time employees' gross earnings. In accordance with these requirements, the Authority contributed \$4,500 during the year ended June 30, 2013. The Authority's contributions for each employee are fully vested after three (3) years.
